

MICROBLADING

NATURAL, REALISTIC NEW BROWS THAT LAST

CONSULTATION - £15

A consultation is a chance for you to meet me and discuss the treatment process. I will also patch test you and check your suitability for the treatment.

*Please note this consultation fee will be deducted from your Microblading treatment if you decide to go ahead.

HAIR STROKE - £325

The most realistic, natural-looking brows created using the finest hair strokes.

This includes your first treatment, aftercare and one free retouch 6 weeks later.

ADDITIONAL SHADING - + £20

Soft powdered colour added to realism strokes to create a natural textured look.

COLOUR BOOSTS - £150

KEEPING YOUR COLOUR FRESH

The initial Microblading treatment lasts between 12-18 months but most clients prefer to come back for a colour boost between 9-18 months, dependant on how their skin retains pigment.

Colour boost procedures will only need the one treatment, however if there is little or no pigment left & brows need redesigning, this will be full price as the two stage treatment will be required.

NB. If the procedure has been applied elsewhere this would usually require two treatments to perfect, so will be charged at full price.

On booking, a non refundable £100 booking fee is required to secure your appointment.

*A patch test is required at least 48 hours prior to your Microblading treatment.
